## **INTRODUCTION**

Welcome to Windover High School. This is our 25th year as an alternative high school, serving Midland County and surrounding communities. We are pleased to have you join our Windover family. We, the teachers and staff, hope that you will find your time here to be both challenging and rewarding.

This handbook will provide answers to many questions you may have regarding our school. Please read it carefully and completely since it addresses policies and procedures that pertain to you – the student. All students must sign a card indicating they have been given a current Student Handbook and have received an oral presentation, summarizing its major points.

We are here to facilitate your success. If you need additional information, please feel free to call the school at (989) 832-0852. My office is always open for you. Parents, students and interested others can visit us at our website—[www.windover.org](http://www.windover.org)—to obtain the most current information about school events.

Best wishes for a productive and exciting year.

Greg Armstead, Interim Principal

**ELIGIBILITY**

Windover High School is a school of choice and is open to all high school students between the ages of 15 and 20 years old. A student who turns 20 by September 1 of the current school year is not eligible to enroll.

**HOW TO ENROLL**

2011-2012 Application Procedure:

People interested in applying for the next school year may obtain an application at the main office of the school beginning the first day of May of the current school year through August 1<sup>st</sup>. The school will mail applications to anyone requesting an application by telephone. All applications received after August 1<sup>st</sup>, but before the lottery, will not be eligible to participate in the lottery; however, the names of those applicants will be added to the end of the waiting list created at the time of the lottery.

Student Selection:

The deadline for applications shall be August 1<sup>st</sup>. If the number of applicants exceeds the number of positions available the school will hold a random selection lottery the fourth week of August. The random selection drawing shall be open to the public, and the school will notify all applicants of the time and place. Names will be drawn to establish waiting list priority to be used to fill openings during the school year for which the student has applied. After all eligible names have been drawn; the school will add

the names that filed application after August 1<sup>st</sup>. All post-deadline applicants will be added in the order in which they are received.

New students may be admitted after the start of the school year only if there are openings. Students who are admitted in accordance with the above will be admitted based upon their waiting list priority. All applicants still on the waiting list must resubmit an application for the following school year. Once students are admitted they will remain eligible to be admitted at the school for successive years without having to re-enter the selection process. They must, however, enroll for the subsequent year.

	4.0	Credits	English
	4.0	Credits	Math

	1.0	Credits	Arts (Visual, Performing, Applied)
	<u>6.0</u>	<u>Credits</u>	<u>Electives</u>
<b>Total</b>	<b>22</b>	<b>Credits</b>	

To be eligible for graduation, a student must earn **at least two credits** and **complete one trimester through the Windover program**. The student must be enrolled no later than the third week of the trimester in which he/she intends to graduate. This rule does not apply if the student's graduating class has already graduated. All work must be completed by the last day of the school year.

Students transferring from neighboring districts with higher credit requirements may be required to complete up to five (5) credits at Windover for graduation.

## CRITERIA FOR EARNING CREDITS

Credits can be earned through two methods: a point system or a skill card system.

**The Point System:** 460 points are needed to equal one (1) credit or 230 points for one-half (.5)

credit. A student may earn up to 5 points per block per day. Students who wish to progress at a faster pace may make arrangements with teachers to do extra credit work. (Not to exceed 5 points per block per day.)

Zero to five points is awarded to students per hour based on their performance in class. The following criteria are used to award points:

- 0 - The student is in class but exhibits inappropriate behavior.
- 1 - The student is producing some work but is not cooperating sufficiently within the demands of the classroom situation.
- 2 - The student is compliant and observant, verbally engaging in a constructive manner, but not physically active or productive. The student is scoring in the low sixty-percent range and is not operating at a level comfortable to the instructor.
- 3 - The student is meeting expectations, is generally prepared, and appropriately engaged on task for most of the allocated classroom or laboratory time. The student is scoring in the high seventies.
- 4- The student is meeting expectations and displays consistent performance above potential as viewed by the instructor. The student displays a very impressive performance in classroom or laboratory activities and scores in the ninety-percent range.
- 5- The student is meeting expectations, displaying outstanding performance, helping others, working to improve the program, and is scoring at or above the ninety-percent range on work completed.

**The Skill Card System:** Each core area instructor has devised a set of skill cards based on mastery skills aligned with the grade level expectations set by the State of Michigan. Credit is awarded when a student has shown mastery in a particular set of skills in any given class.

The level of mastery on a skill card is based on the following 4 point system:

- 0 not there or did nothing
- 1 introduced to work but did not explore the work
- 2 could do the work but needed help or stopped part way through
- 3 could complete the task without assistance / lesson was understood
- 4 completely understands the lesson and can teach other students

**The following formula/method is used to arrive at a grade for skill card classes:**

If a student had 100% achievement (earned all 4s) but was only present for 60% of the material covered then his/her grade in the class is:  $100\%(60\%) = 60\% = D-$

If a student had 60% achievement (the average of the points earned was a 2) but was present for 100% of the material then his/her grade in the class is:  $60\%(100\%) = 60\% = D-$

If a student has 75% achievement on 80% of the material then his/her grade is:  $.75 (.80) = 60\% = D-$

If a student has 90% achievement on 90% of the material then his/her grade is:  $.9 (.9) = 81\% = B-$

For figuring a student's achievement score/percentage use the following:

0	0%
1	50 - 59%
2	60 - 75%
3	76 - 90%
4	91 - 100%

The following grading scale will be applied:

100 - 90	A
89 - 80	B
79 - 70	C
69 - 60	D

## **PERFORMANCE CONTRACTS**

Good attendance usually leads to earning adequate points and making progress toward graduation. Failure of a student to earn at least 50% of the available points in his/her class or classes over a period of weeks may result in the student being placed on a performance contract. The principal, in conjunction with the teacher(s), will draft the contract. The contract will delineate the changes in performance and attitude needed to increase point generation. Failure to change the behaviors will result in the student being removed from the class. If the situation persists after performance contracts and a parent conference, the student will be limited to a partial schedule.

## **SOURCES OF CREDIT**

1. Previously earned high school credit
2. Approved college credits
3. Training courses (maximum 2 credits)
4. Adult high school completion classes and independent study.
5. Correspondence courses.
6. Testing for credit
7. Approved on-line courses

## **TESTING FOR CREDIT**

### **Windover Policy – Testing for Credit**

- Be present at school for the day of pretesting and/or testing
- Be in good academic standing in each class in which the student is enrolled

## Certificate of Completion Requirements

Students that have a Certificate of Completion as a target in an Individual Education Plan, or those students that are unable to complete the Michigan Merit Curriculum before reaching the age of 20 will be placed on the Certificate tract. Below is a side-by-side comparison of the required curriculum a student needs to pass in order to earn either the regular high school diploma or the Certificate of Completion.

## MME ELIGIBILITY

The following requirements must be met before a student can be deemed an 11<sup>th</sup> grader and thus eligible to take the Michigan Merit Exam (MME) during the stated testing cycle for that school year.

- The student has completed the Geometry component of the mandated curriculum.
- The student has completed an English 3 course.
- The student has completed Biology 1 & 2, and has also completed Chemistry 1.
- The student has completed two credits of Social Studies.

## ASSIGNMENT OF GRADE LEVEL

A student's grade level is set at the beginning of the academic year, based on the number of credits earned to date. This grade level will not be changed until the following summer. The only exception is an 11<sup>th</sup> grader who accumulates enough credit to graduate. In this case, the student's grade level will be adjusted to 12<sup>th</sup> grade prior to exiting. Grade level is also contingent on achieved academic requirements.

Grade	Credits
9 <sup>th</sup>	0 – 5.75
10 <sup>th</sup>	6 – 11.75
11 <sup>th</sup>	12 – 16.75 (note the MME Eligibility requirements for the 11 <sup>th</sup> grade)

## **ATTENDANCE POLICY**

Students are expected to be in school on time every day and remain for the entire day - from 8:30 a.m. until 3:30 p.m. Good attendance allows the student to earn points and credits more rapidly. Medical and other appointments should be scheduled for after school hours to allow the student to be in school all day every day. Parents are asked to call the school at (989) 832-0852 to report student absences, which will be recorded in the main office.

When a student's attendance falls below 80% for 2 weeks in a row, he/she will be given an Attendance Contract to sign. If the student continues to attend less than 80% of the time for the duration of the attendance contract, the student may be dropped from Windover High School. This gives a student four weeks to bring his/her attendance into compliance. Any student, dropped due to poor attendance, can request to have his/her name placed on the waiting list for possible re-admittance, as space becomes available.

Extenuating circumstances for continuing absences should be discussed and documented with the principal. Students and their parents may ask in writing for reconsideration of the student's particular case. This must be done within one week (7 days) of the exclusion of the student from Windover High School. A meeting with the student, parent, principal and at least one teachers will be held as soon as can be scheduled to discuss the situation. The principal will notify the parents or student of the decision the following day.

## **CLOSED CAMPUS POLICY**

Windover High School has a **closed campus**. Students are expected to remain at school for the entire school day. Those who leave the campus **cannot** return to school on that day for any reason, unless it is first approved by the principal. Students are required to sign out at the office if leaving before dismissal time. Students who leave early without signing out will be given unexcused absences, which count toward the 80% attendance policy. Closed campus also means that students' friends may not come to visit during school hours.

## **SCHOOL CANCELLATIONS**

When weather conditions or mechanical failures dictate the closure of Windover High School, it will be announced on the following radio and TV stations:

WKQZ	93.3	FM
WHNN	96	FM
WNEM	TV 5	

Or, you can check the school's website: [www.windover.org](http://www.windover.org)

2. **Weapons** (guns, knives with a 3-inch blade or longer, improper use of tools, scissors, or any other instrument tending to cause great bodily harm when used in an unintended manner) will not be allowed. ## **HARASSMENT**

Harassment in any form is unlawful. An individual who believes he/she has been subject to harassment should promptly notify the principal or school counselor. Under no circumstances will the student be required to notify the alleged offender. All staff members or volunteers with reason to believe sexual harassment of a student is occurring have the duty to report such information. Failure to report known sexual harassment of a student by an employee or volunteer may result in disciplinary action.

Harassment complaints will be dealt with promptly in the following manner:

1. A written complaint will be made including the date, time, action(s) and possible witnesses.
2. The written complaint will be submitted to the appropriate authorized person.

The designated investigator will:

1. Notify alleged perpetrator of the complaint.
2. Notify parent if student is a minor.
3. Investigate the complaint by talking with any listed witnesses.
4. Review alleged perpetrator's response.
5. Make a determination.
6. Maintain separate and secure files on the situation including notices, findings, and disciplinary sanctions.

Discipline imposed may include student suspension or expulsion (depending on severity), written reprimand, recommendation for counseling referral or dismissal.

## **SEARCH AND SEIZURE**

It is our priority to provide a safe learning environment for all of our students and staff. There may be times when that safety is in question because of some action or information that could present a potential danger or harm. This may require the principal or a designee having to search a student's property (including but not limited to backpacks, jackets, pockets, purses) and/or vehicle on school property. School law requires that the search be justified at its inception and reasonable in its scope, given the initial justification for the search. Searches will be conducted with another adult present.

If this action results in the confiscation of contraband, the appropriate police authorities will be notified and the items will be turned over to them. This action could result in prosecution.

There may be times when law enforcement officials ask to speak with students on school property. The principal will cooperate with the officials in all reasonable requests. Parents of students aged 15 and 16 will be notified in reasonable time if their student is involved. Students who are 17 and older are considered adults and do not need parental permission

### **SUSPENSION PROCEDURE**

Suspension is defined as the denial of the right to attend school for a specified period of time. If a student is suspended by the principal, the following procedures will be followed:

1. The principal will determine when suspension is appropriate. The principal may suspend a student for up to 10 school days. The Board of Directors may suspend a student for up to 180 days.
2. The principal shall explain to the student all charges against the student, setting forth the nature, time and place of the violation charged and the duration of the suspension, which may be up to ten school days. Parents or guardians will be notified of the suspension by phone and a written copy will be mailed.
3. The written notice shall include the time, place, and date of a hearing if a hearing is deemed necessary prior to the student being readmitted to school. The written notice shall advise the student and parent or guardian of the right to have a counsel present at the hearing. The hearing on the charges shall be presided over by the principal and shall be conducted so that both sides shall have full opportunity to be heard, including the right to hear and examine adverse witnesses and the right to testify and present evidence or affidavits in one's own behalf.
4. When suspension is involved, the fundamental rights of the students must be respected.
  - a. Right of students to be informed of the charges against them. The charges should be specific, setting forth the nature, time, and place of the violation charged.
  - b. Right of students to be heard and present their view of the occurrence.
  - c. Right of students not to be judged guilty simply by virtue of being accused.
5. Within five school days of the conclusion of the hearing, the principal shall make a written report of the findings of fact, conclusions as to the validity of the charges, and the principal's decision regarding readmittance. The report shall be filed with the Chief Administrative Officer (CAO) and a copy shall be mailed to the student and the parent or guardian.
6. After the student, parent, or guardian has exhausted the appeal process at the building level, the decision may be appealed to the CAO and the Board of Directors, in that order.

**Snap suspension** by a teacher is defined as the denial of the right to attend a class, subject or activity for up to the period of that class. If a student is suspended by a teacher, the following procedures shall be followed:

1. The teacher will determine that the student's behavior violated the provisions of the Code of Student Conduct, other than that such conduct requires expulsion. The teacher may suspend the student from the class, subject or activity for up to one full school day.
2. The teacher shall explain to the student the reason for the suspension and shall immediately send the pupil to the principal's office and report the suspension and the reason for the suspension to the principal.
3. The principal will take appropriate action, consistent with the Code of Student Conduct. The student will be sent home for the remainder of the day.
4. As soon as possible, the teacher shall contact the student's parent or guardian to set up a parent-teacher conference regarding the suspension. Under normal circumstances, the contact with the parent should be made the same day.
5. Whenever practicable, a school counselor shall attend the conference. The principal shall attend the conference if the teacher or parent or guardian so requests.
6. The teacher will fill out a written form detailing the reason for the suspension. A copy will be furnished to the parent at the conference and the original kept in the student's discipline file.

- The parent or guardian and student may appeal the suspension to the principal. Due process procedures will be followed as detailed previously.

### **EXPULSION PROCEDURE**

Expulsion is defined as the denial of the right to attend school for a period longer than 10 days. Only the Board of Directors can permanently expel or can reinstate a student who has been permanently expelled. If it is the judgment of the administrator that a student should be recommended for expulsion, the following procedures shall be followed:

- The principal shall contact the CAO each time a student is suspended and might be expelled. Their discussion will include the nature of the offense, supporting information, and student data justifying the recommendation.
- Parents will be notified by phone and subsequently, by mail that the student has been suspended.

3. If the principal and the CAO concur that the student should be denied the privilege of attending school for up to 180 school days, the principal will call for a hearing with the Discipline Committee (composed of 1 Board member, 1 teacher, 2 parents and the principal). The student and parents should attend the meeting so the student can have due process.
4. After hearing the evidence, if the Discipline Committee recommends expulsion, the student and parent or guardian will be notified that such a recommendation will be presented to the Board of Directors.
5. The student and parent or guardian will be notified of the following:

6. The information furnished to the Board of Directors shall include the following:
  - a. A record of all preliminary procedures
  - b. The recommendation that the student is to be expelled and the duration of the expulsion
  - c. The justification for the recommendation

## **REINSTATEMENT PROCEDURES**

A student who is expelled from Windover High School for physical assault against another student, verbal assault against an employee or volunteer, or bomb threat or similar threat is automatically reinstated at the end of his or her period of expulsion. It is not necessary for the student and parent or guardian to petition for reinstatement. The district may request a conference with the student and parent or guardian before the student is readmitted to school so that plans can be made for a smooth transition back into the school setting.

It is the responsibility of the parent or legal guardian or, if the individual is at least age 18 or an emancipated minor, to prepare and submit a petition for reinstatement. The State Department of Education is required by law to develop and distribute to all school districts a form for petitions for reinstatement. The school district is required to make this form available, but the Board of Directors is not required to provide any assistance in preparing the petition. Upon request, the form will be made available by the administrator.

No later than ten school days after a petition for reinstatement is filed, the Board of Directors will appoint a committee to review the petition and any additional information supplied by both the petitioner and school personnel. The committee will consist of one board member, the principal, one teacher and two parents each having a pupil enrolled in the school. The school's principal may prepare and submit information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

No longer than ten school days after the committee is appointed, it will meet, review all information, and submit a recommendation to the board. In all reinstatement situations other than those that are automatic as dictated by statute, the recommendation shall be for unconditional reinstatement, for conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement. The recommendation shall be based on consideration of all of the following factors:

- >The extent to which reinstatement of the individual would create a risk of harm to pupils or school personnel.
- >The extent to which reinstatement of the individual would create a risk of school district or individual liability for the school board or school district personnel
- >The age and maturity of the individual.

- >The individual's school record before the incident that caused the expulsion.
- >The individual's attitude concerning the incident that caused the expulsion.
- >The individual's behavior since the expulsion and the prospects for remediation of the individual.
- >If the petition was filed by a parent or legal guardian, the degree of cooperation and support that has been provided by the parent or legal guardian and that can be expected if the individual is reinstated, including, but not limited to, receptiveness toward possible conditions placed on the reinstatement.

At the next regularly-scheduled board meeting after receiving the committee's recommendation, the board will make a decision to unconditionally reinstate the individual, conditionally reinstate the individual, or deny reinstatement of the individual. The decision of the board shall be final.

The board may require the student and his or her parent or legal guardian to agree in writing to specific conditions before reinstating the individual in a conditional reinstatement. The conditions may include, but are not limited to, the agreement to a behavior contract, which may involve the individual, parent or legal guardian, and an outside agency; participation in or completion of an anger management program or other appropriate counseling; periodic progress reviews; and specified immediate consequences for failure to abide by a condition. The petitioner also may include proposed conditions in a petition for reinstatement.

If the board denies a petition for reinstatement, the parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student may petition another school board for enrollment in the other school district.

The board or school administrator who complies with the state law regarding expulsions is not liable for damages for expelling a student.

## **WEAPONS REPORTING**

Students are required to report any knowledge of weapons being present on school grounds or of any threats of violence being made. This information must be reported immediately to the Principal or any available member of the staff. Failure to report such knowledge may subject the student to discipline, up to and including expulsion.

## **CELL PHONES OR OTHER ELECTRONIC COMMUNICATION DEVICES**

Students may have a cell phone or other electronic communication device in their possession in school. All such devices must be turned off during all class periods. Students may not leave the classroom to answer or initiate any type of outside communication. Students may not use text messaging during class periods or during any testing. No cell phones or electronic communication devices will be allowed in the possession of a student during official (i.e.: state mandated) testing. All such devices must be given to the testing official to be returned to the student upon completion of the testing period. A violation may result in the confiscation of the device or suspension of the student. If a teacher confiscates a device for violations, the teacher should return the phone at the end of the class period. If the student refuses to give the device to the teacher, the principal will be informed. If the principal confiscated the device, it will not be returned until the end of the day. Once confiscated the device may be returned to the student at the end of the school day. Repeat offenses may require parental notification and the parent may be required to recover the confiscated device in person.

## **PEST MANAGEMENT**

Windover High School has contracted with Terminix of Midland, Michigan to conduct monthly inspections of its facility. Procedures will be used to determine when to control pests and whether to use mechanical, chemical, or biological means. Records will be kept on site documenting pest sightings and the applications of any necessary pesticides. Any pesticide application will be conducted by licensed technicians following all federal and state safety guidelines. A copy of the Pest Management Plan and the service schedule is available upon request. Any parent who would like to be notified prior to a pesticide application may submit their request in writing to the principal.

## **TRANSPORTATION**

Transportation will be provided by ETC yellow busses (based on availability) to any student who enrolls at Windover High School, lives in Midland County, and requests it. The purpose of this service is to provide students a ride **to attend school**. Students who use this service and depart early from school are subject to discipline procedures. The Code of Student Conduct applies to students while being transported to and from school. Transportation is a privilege and not a required service of the school. It is intended to help students stay in school and to exceed the 80% minimum attendance requirement.

Students who engage in activities which threaten the safety of others, or who violate the Code of Student Conduct can be denied transportation privileges on the ETC buses. The driver will report any such misconduct to the Supervisor, who in turn will notify the Principal. Violations will be communicated to the parent or guardian.

**Students who drive to school must be legally licensed and must register the vehicle, and the vehicle must be insured and meet all state requirements to be driven on Michigan roads.** Forms are available in the office. All drivers are expected to act responsibly in the parking lot area and park in designated areas only. Reckless driving will result in the student losing the privilege to drive to school. Windover accepts no liability for the safety of students and their passengers driving to or from school.

## **PRIVATELY OWNED VEHICLES**

Students that wish to drive or park a privately owned vehicle (POV) on campus must register the POV with school officials. Any POV parked on school property that is not properly registered may be towed at the expense of the owner, and/or the student that brought the POV may be disciplined for insubordination. Students do not have any expectation of privacy while in a vehicle at any time while on campus. When a school official has probable cause to believe that the POV may contain any contraband, weapons, or that any unauthorized activities are or have been taken place within the POV, the school official has the right to search the vehicle, keeping in mind the scope of the search for the items that the school official believes could be present.

- All students must be licensed and their POV must be covered by insurance.
- Windover is not responsible for either the vehicle or its contents.
- Students are not allowed to loiter in the parking lot, so once the POV is parked it is to be locked and the student(s) are not allowed to return to the POV unless a school official has given authorization to do so.
- Students are not allowed to sit in any vehicle once it has been parked.

- Any student that drives off the school grounds without proper authorization may lose parking privileges on campus and the student may be suspended for up to three days.
- Any student that drives off the school ground without proper authorization and takes any passengers with them will lose parking privileges and face disciplinary action of up to 10 days of suspension.

## WHS Computer Use Policy For Students

We require that students and parents accept, and sign the following rules for acceptable use of technology. Access to the Internet and the use of the computer network is provided to students who agree to act in a considerate and responsible manner. The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The faculty and staff of Windover High School reserve the right to request the administrator to suspend specific user accounts.

In accordance with the Children’s Internet Protection Act (CIPA) all WHS students will access the Internet through an appropriate filter that blocks objectionable (inappropriate and harmful) material. Objectionable material is defined as any visual depiction of obscenity, pornography, or other depictions not appropriate for students. The filter is set to automatically block these kinds of web pages. Sites that advocate antisocial behavior will also be blocked to the extent possible. The safety and security of WHS students is of utmost importance. It is expected that students will never give personal information to a stranger by way of email, chat rooms, or other forms of electronic communications.

1. Students are responsible for appropriate behavior on the Windover High School Network. General school rules for behavior and communications apply on the Internet.
2. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files are private.
3. **USERS ARE PROHIBITED FROM:**
  - using the technology for a “for-profit” business, for product advertisement or political lobbying
  - the malicious use of technology to disrupt the use of technology by others, to harass or to discriminate against others and to infiltrate unauthorized computer systems
  - using Windover High School information technologies to draft, send, or receive inappropriate communications and material including but not limited to items which are pornographic, obscene, profane, vulgar, harassing, threatening, defamatory or otherwise prohibited by law
  - participating in hate mail, harassment, discriminatory remarks and other antisocial behaviors on the network
  - vandalizing Windover High School or any other information technologies (Windover High School’s or any others). Vandalism is defined as any attempt to harm, destroy, disrupt or hack the operation of the Windover High School Network. Vandalism includes, but is not limited to, the creation or intentional receipt or transmission of computer viruses

### **Consequences of Inappropriate Behavior:**

Windover High School’s system is not a public forum and access to technology is a privilege and not a right. Any user who does not comply with the Electronic Information Access and Use Policy will lose network privileges. Repeated or severe infractions of the policy may result in permanent termination of privileges. Users violating any of the rights and responsibilities

may face additional disciplinary action deemed appropriate in keeping with the disciplinary policies and guidelines of the school.
